I am petition 281. CalAttakapa-Choctaw Tribe of California and Louisiana I do not foresee my tribe reinstated by your department from your first ones release, it was a let done to the 15 years of research study on the Attakapa Nation. Louisiana covered our history they came to North America in the year 100 when the world flooded ending in Louisiana in my studied I have names tribal village from 1700, I am not the only person have done studies on the Attakapa the Federal Government have given the state of Louisiana grants for research what did they do is took our land and lie about it they took our oil and gas from our people and you Mr. BIA sign oil and gas right up and down Louisiana to oil and gas companies when our people only spoke French and Attakapa didn't read a word what was on those contracts.

Take a look at Avoyelles Parish city of Marksville Park the owner was Alfred Greenhouse land Louisiana will not give recitation to the anthropologic why is this he was a black man in white skin.

Talk to President and ask him to face black Indians give us our rights, I am asking the state of California to support us and sending our petition to each member of congress.

Veronica McCune Chief CalAttakapa-Choctaw Tribe. PS no I'm not mad I got over it in the year 2000.

**Subject:** [RT #144783] Re: IMPORTANT: One more step to launch your petition

Veronica,

Thank you for your interest in this petition. I'm not sure exactly what you are asking?

All you need to do to share this petition via email is to include your message and the petition link in an email.

You would then address the email just the same way you address any email. If you don't use an address book when you send email, then you don't need to use it for this.

Thanks for all you do,

Tina
